

State of the Verde Watershed Conference

September 26 - 29, 2022

The State of the Verde Watershed Conference is a biennial meeting of professionals, elected and appointed officials, organizations, businesses, and community members who care about the issues and conditions of the Verde River Watershed. In 2022, our theme is the future of the Verde River system: solutions for the next ten years. Hear about progress since the release of the 2020 Verde Watershed Report Card and learn from your peers about solutions, including stormwater management projects. Speakers and attendees will hear about current conditions and trends in the areas of water, habitat, and community. This event will attract many professionals to the area.

As a bonus, this year we are hosting the Environmental Finance Center of the U.S. EPA for a statewide workshop on stormwater funding and financing. Topics include stormwater 101, asset management, tools, and resources you can use to implement your projects.

The conference and workshop will be held at the Cliff Castle Casino in Camp Verde.

At a Glance:

- 3-Day Professional Conference
- Stormwater Funding & Financing Workshop on 9/29
- Keynote speakers
- Educational field trips
- 200-300 registrants

Your Support Matters

Your sponsorship enables us to accomplish our mission of working collaboratively for a healthy, flowing Verde River system. All sponsors are acknowledged on our website and social media, in the annual report, and event materials. We encourage you to participate in the Verde Watershed Restoration Coalition and Verde Front, two collaborative groups that are also working towards our mission. Please contact Melanie Miles, melaniem@verderiver.org, to sign up a supporter.
